“ My heart sank when I saw this obituary this morning. Brian was my first cousin. He was always so kind and was the highlight of any any family visits to Uncle Sheldon's . He would have us cracking up without fail. He could turn the worst time into the best time !!! He always made time for us and let us drive him crazy . He was loder than my brother and me but he always made time for us and took time with us. He was genuine . He was the same way any time I ever spoke to him or saw him . No matter how long it had been since I'd last seen him or talked to him. He smiled and it was was infectious. I just can't say enough about what an impression he made on me and how I've thought of him through my life and what a special person he was to my family. My Daddy, Julius Doyle, adored him. He would laugh so much around Brian . Mqgy Dad wasn't normally cracking up laughing ..lol He was pretty quiet . So it was great as a kid to see . The visits to Glenmora were really magical. I'm so blessed to have had those times and memories of my dear family there. Love you Brian !!! Hopefully he is with His family and they are all sharing lots of laughs and memories .
