“ Miss Eula was such a kind and gentle soul. I am so happy she was my friend. I know my Dad was one of the first to welcome her home. They would talk for what seemed like hours on the phone, and I know they're having a sweet reunion. God blessed this family with such a sweet, sweet lady, and I pray His comforting grace will shine brightly in their lives in the days to come. My Mom and I send our heartfelt condolences to all of Miss Eula's family and friends. She was truly one of a kind :)

“ The thing I remember most about Aunt Eula is how she always made sure she asked about everyone in my family. She was probably one of the sweetest most caring woman I have known. I am glad she lived a long life and I will always miss her. I hope she is dancing with those that went before her .

“ Miss Eula thinking back is one of the first memories I have. Our family and yours were around each other so much that i thought for the first 5 years of my life she was one of my aunts. I think back and realize that your mom has been in my life since I was born. I stopped by and visited with her some time ago and she was the same person I had known all my life, just as friendly and appreciative. You all had a good momma and someone who will be missed so much here but I promise you heaven is brighter with her there. We are here if you need us and we are praying for you all. My life is better for having known her. We share in your loss.
