“Everette was a man you would always remember and never forget. We have all known Everette form many years now, and never saw him when he wasn't smiling or having something funny or knowledgeable to say. He was a very smart man with his construction work and incredibly talented with his clock building. He gave us each one of the mantle clocks he made one year for Christmas and we have used it ever since. That was probably 8-10 years ago and it still keeps perfect time and has never not worked properly. We know he will be missed greatly by all of us, we just saw him a few weeks ago and had no idea it would be our last chat (for now-here on Earth). Time is short and we never know when we will last see someone, but its always a wonderful feeling knowing that the time apart is only temporary. To all of Everette's family.....we are keeping you all in our thoughts and prayers. We are so glad we had the chance of having Everette cross our paths of life!
