*When Gil and Beverly got married, he was a little bit hard to get to know. The more you were around him the more you could not help; to love him. He spent quality time with his family. They were so much in love and you could feel it when you were around them. Some holidays and a few Sundays were all we could be with the family since we live in Kernersville and both worked. Gil was very giving and thoughtful. He was a very good cook and could cook anything. We loved his "homemade pizza." We will miss you Gil and all you stood for. Our prayers are with the family. God Bless
