“ Hi Joseph and Ray. Dodson and I are thinking of you both and all of your family. You have been family to us and we share your grief even though we never met your grandmother. She has done you a proud service in the way that she brought you up and the values she has instilled in this family. If my spelling is incorrect I have teared up remembering the loved ones we have lost.. at some point you realize you are never too old to be an Orphan>
