“Family you have my condolences & Prayers, I really enjoy Ray; he did have some good days there with laughter, I work at Forrest Oaks and I want to be the first to say I did get to spend a lil time with Ray on Saturday morning; I do laundry and I deliver some of his laundry on Saturday and he told me when I ask him how he was doing and with a calm peaceful voice he open his eyes and said to me I'm not feeling to good, I told him he was going to be fine and I will definitely send a prayer forward for you, he said many Thank you. We never know, I did not know that would be my last conversation with him. He always telling me how he worked on the farm and miss doing that when he was able to do. He will be miss for sure.
