“ *Traci was always the kind of person who was motivated to provide a good experience for her patients. She exuded a positive attitude to those around her. On my visits to Lake Park, Traci was one of the staff I enjoyed hearing from - after our meetings, she always left me feeling positive. May the memories of Traci be a warm embrace to help during this difficult time. Thoughts and prayers go out to family and friends!*

“ After I left Lake Park in late August of this year Traci and the rest of the Rehab people are the ones that I missed the most. For someone that has been through so much she always had a mischievous smile on her face. That and her attitude in general is what made so many of us love her for the person that she is.
